3. At the outset, Secretary, MoHUA formally launched **e-finance module for PMAY-U**. Highlighting the purpose of the e-finance module, Director (HFA-I) informed that the Mission has grown both in size and scope, hence integration of PMAY (U) MIS system with the PFMS is required to provide a unique payment platform to the States/UTs to generate and track disbursement of funds and ensure compliance of implementation of DBT through PFMS mode. Accordingly, Ministry has designed and developed e-Finance module within PMAY (Urban) MIS System along with its integration with PFMS as per the Standard Operating Procedure (SOP) and technical integration document of PFMS.

Secretary, MoHUA in his remarks mentioned that e-finance module will provide a unique platform in digital mode to all stakeholders (States/UTs/ULBs/Implementing Agencies) for disbursement of DBT payment to validated beneficiaries directly from the PMAY (Urban) MIS system. He further requested all State/UT Governments to make best use of the e-finance module which will help in transparency, omission of errors and exchange of information like UCs, Progress reports etc. through e-mode. It was also informed that training programmes will be conducted on regional basis and State/UT Governments may depute their IT/MIS experts to get themselves trained for optimum utilisation of the e-finance module created under PMAY-U.

4. Thereafter, Joint Secretary& Mission Director (HFA) introduced the **agenda** for the meeting. The agenda items also form part of the minutes. The minutes recorded in alphabetical order are as follows:

The reason for surrender /curtailment of AHP houses given by the State includes land issue, encroachment of land, Airport Authority approval issue, revision in planning due to parking of international stadium on nearby plot. Similarly, in case of revision of houses in AHP projects, due to revision in planning, the projects have been revised. Further, the main reason for dropping of houses in AHP includes litigation, tepid response from beneficiaries and encroachment on site, revision in planning due to more demand of EWS-II category houses, etc. Hence, ULB has decided to drop EWS-I category of house from the approved project. With respect to **curtailment of houses in ISSR vertical, following reasons have been given by State:**

- As per the letter received from ULB Total ₹ 1100.00 lakh negative premium raised in this project. Due to financial over burden, project is financially not viable. Additionally, due to the Covid-19 situation more than 1 year has passed and developer is demanding to refund EMD back fromthe ULB. This proposal is considered in 19th SLSMC dated 17-11-2021.
- In the years 2016-17 and 2017-18 two times e-tender was floated but no agency gave response hence ULB has decided to drop this project. This proposal was considered in 19th SLSMC.

B. CSMC Observations:

The State Government should have carried out due diligence while formulating the proposal for seeking approval of CSMC. It should be ensured that no eligible beneficiaries are deprived of the benefit due to the proposed curtailment/surrender.

C. CSMC Decision:

After deliberations, the CSMC **approved** the proposals of the State Government of **Gujarat** for cancellation of 4,112 houses in 5 AHP Projects, revision of 32 houses in 2 AHP Projects, dropping of 9,364 houses in 11 AHP Projects and 298 houses in 2 ISSR Projects sanctioned in different CSMC meetings and directed that:

a. State must ensure that the DPRs where the curtailment/revision has been proposed are revised accordingly and uploaded on the website of SLNA/Department immediately.
b. Central Assistance released for beneficiaries in projects which has been dropped, curtailed or revised may be adjusted in subsequent releases to the State.
c. State Govt. must ensure uploading of revised signed annexure (7B) and remove the curtailed beneficiaries from PMAY-U-MIS.

35	**Proposals for Incubation support under Affordable Sustainable Housing Accelerator – India (ASHA-India)(Agenda 37)**

A. Brief Information:

Ministry of Housing and Urban Affairs (MoHUA), Government of India has been implementing Pradhan Mantri Awas Yojana - Urban (PMAY-U) Mission to provide all weather pucca houses to eligible urban households/beneficiaries by the year 2022. Within the ambit of the overarching PMAY-U Mission, a Technology Sub-Mission (TSM) was set up to facilitate the adoption of innovative, sustainable,eco-friendly and disaster-resilient technologies and building materials for low-cost, speedier and quality construction of houses. Construction of houses at this scale is an opportunity to trigger a technology transition from conventional resource intensive practices to alternative, green and innovative construction systems through the introduction of cutting-edge technologies, building materials and processes. In this regard, MoHUA launched 'Global Housing Technology Challenge-India (GHTC-India)' to identify emerging, disaster-resilient, environment friendly, cost effective and speedy construction technologies which would form the basis of housing construction in India. The challenge has three components viz. i) Conduct of biennial Expo-cum-Conference named Construction Technology India (CTI) ii) Identifying Proven Demonstrable Technologies from across the globe to construct Light House projects (LHPs) iii) Promoting Potential Future Technologies (domestic) through Affordable Sustainable Housing Accelerator – India (ASHA-India).ASHA-Indiawas launched to groom **Potential Future Technologies** having an innovative solution that requires acceleration or incubation support towards mainstreaming their product in the affordable housing sector. These technologies mainly focus on waste utilization leading to circular economy, reduction in carbon footprint, improving energy efficiency and strengthen MoHUA's efforts towards climate change mitigation & sustainable development.

ASHA-India has two categories:

1. Pre-Prototype: It includes innovative technologies that are at ideation and prototyping stage, and essentially require further technical handholding through longer-term incubation to reach a viable product in the domain of construction systems and components.

2. Post-Prototype: It includes technologies that have a working and viable product but require strategic guidance and acceleration to mainstream their product in the market, in the domain of construction systems and components, solutions that improve efficient usage of natural resources in housing and construction, self-help innovations, and digital technology solutions.

Under ASHA-India, five Centreshave been set up at following five host institutions for incubation support to potential future technologies.

1. Indian Institute of Technology, Bombay

37	**GENERAL OBSERVATIONS**

i. States/UTs should ensure that the **PMAY-U logo** is displayed in front of all housing units constructed under the Scheme. However, States/UTs should not display any such information which are inviolation of Model Code of Conduct (MCC) as per instruction issued by the Election Commission of India/State Election Commissions from time to time.

ii. State/UT Governments may prepare **short films, printed literature/documents** on projects undertaken under PMAY-U to showcase how lives of beneficiaries have transformed. It should be widely circulated both in print and electronic media and in various social media platforms for generating awareness. The State/UT Governments should also share with the Ministry high resolution photographs and video testimonials of beneficiaries whose houses have been completed.

iii. The Central Assistance in general and EBR funds in particular, released under PMAY-UMission should be passed on to the ULBs/Implementing Agencies within the time frame stipulated in the respective sanction orders and registration of all ULBs on PFMS may be ensured by all State/UT Governments. This is a very important matter hence appropriate arrangements and safeguards must be built in. The EBR fund is an interest-bearing fund, and it is important that the funds so released to the States/UTs do not remain parked with SLNA/State/UT Governments but is utilized on fast pace for the purpose it has been released. Any interest earned on the parked fund will be refunded to CFI.

iv. With regard to the vacant houses, if any, under JnNURM/RAY, the State Governments/UTs should look for realistic and pragmatic options for converting them into ARHCs.

v. A robust MIS System being critical for PMAY-U Mission, States/UTs need to constantly monitor the linking of beneficiaries to sanctioned projects in PMAY-U-MIS. All States/UTs

should ensure that the Aadhaar details of beneficiaries with regards to their number and name is accurate while updating in MIS.

vi. Under PFMS/DBT process, the funds would have to be transferred at every stage only through electronic mode for Beneficiary Led individual house Construction (BLC) under PMAY-U. The bank account details of the beneficiaries should necessarily be mapped so that the funds can flow to the beneficiaries' bank account directly. There should also be 100% Aadhaar linkages of beneficiaries in all AHP, BLC, ISSR and CLSS cases.

vii. It has come to notice that data on progress of construction of houses reported in PMAY-U-MIS and those discussed in the CSMC meetings varies many a time. States/UTs must upload **online Monthly Progress Reports (MPRs)** of all sanctioned projects in PMAY-U-MIS latest by 10th of every month so that the data are reconciled before every CSMC meeting.

viii. States/UTs should use innovative, cost effective and high-quality construction technologies for constructing the housing units under PMAY-U and document the same. The tender documents should preferably be technology neutral and a clause of quality assurance for the potential bidders should be included.

ix. State Level Appraisal Committee (SLAC) is expected to thoroughly appraise the DPRs before submitting the same to State Level Sanctioning & Monitoring Committee (SLSMC) for approval. Combining SLAC and SLSMC meeting is not permissible as the mandate of the two bodies is distinct.

x. State/UT Governments are advised to ensure that:

a. Adequate infrastructure is provided including individual water, sanitation and electricity connections.
b. There should be no duplication/change in the identified beneficiaries.
c. Demarcation of land and mutation is carried out before implementation of the projects.
d. The design and construction of houses are disaster resilient, and the specifications conform to IS/ NBC norms.

xi. It has come to notice that some individual/organizations are collecting registration money etc. from potential beneficiaries seeking dwelling units in PMAY-U fraudulently. The Ministry of Housing and Urban Affairs has not authorized any individual/organization/agency to collect application/registration fee for applying for houses in PMAY-U. Thus, individual/agency/organization cannot collect any money/application fee from the beneficiary for enrolment under PMAY-U. All State/UT Governments may also issue disclaimer to this effect in their relevant websites/advertisements etc. to stop this kind of fraudulent activity.

xii. The Ministry has launched a PMAY-U Mobile App to enable beneficiaries to upload their photos with their house and a video clip where beneficiaries share experience of owning a house under PMAY-U as testimonials. The App can be downloaded from Google Play Store. The State/UTs may inform their beneficiaries to upload the same using this Mobile App.

The meeting ended with a vote of thanks to the Chair.
